Abstract — Astrology is an ancient science that studies the influence of planets and stars on human life and events. It helps in understanding personality, career, marriage, health, and future possibilities through the analysis of horoscopes. One important concept in astrology is “Digbala,” meaning the directional strength of planets. Digbala indicates the power that a planet gains when placed in a particular direction or house in a horoscope. For example, Jupiter gains strength in the first house, while Saturn becomes powerful in the seventh house. A planet with strong Digbala gives positive and effective results, enhancing success, stability, wisdom, and prosperity in life. In this article I have framed five rules and tested them on 15 Charts and I have displayed three of them in this article. My finding is that Nakshatra Digbala is very important to find out the exact prediction. If the Nakshatra Digbala planets are well placed and connected with favourable Bhavas, it will flourish. If the lagna Lord is getting digbala the native will have strong personality. If the dasa Lords are getting digbala and well placed, the native becomes famous and wealthy. Even though there is no exalted planets or UD planets or yogas in the Chart, Nakshatra Digbala planets play a prominent role. If the Nakshatra Digbala gaining planets is in connection with 5th, 9th and yoga karaka planets, the native will have a successful life.

Keywords — Meena 2 Naadi Systems; Drekkana; Nakshatra Digbala; Rasi.

1. Introduction

Meena 2 Naadi Systems was developed by Late Sri R. Gopala Krishna Rao and Late Sri N.V. Raghavachari revised and developed ancient Naadi Systems like Dhruva Naadi, Sukra Peru Naadi and Budha Naadi. His Son Dr. NVRA Raja Sir brought out application, principles and prediction tools and also introduced concepts and prediction tools for Jeeva and Sareera, Kalamsa Gunas and also the best Prassana Sastra.

- Many principles have been provided by Guruji Meena 2 to arrive at accurate prediction quite easily. I am very proud to follow Meena 2 Naadi System. We are blessed to get such Gurus in our life.
- Pranam to Guru Sri Raghavachari (Meena 1 and 2) Dr. NVRA Raja Sir and Dr Satya Sri.
- Pillars of Meena 2 Naadi System Uttama Drekkana Nakshathra Digbala, Jeeva and Sareera, and Kalamsa Gunas.

2. Uttama Drekkana

Dividing a sign into 3 parts is called Drekkana. Each sign is a Zodiac which is of 30 degrees. The first 10 degrees of a rasi is called first Drekkana, the second 10 degrees is known as Second Drekkana and the last 10 degrees is known as Third Drekkana. Out of these three Drekkanas one of them is superior and it is called Uttama Drekkana the following are Uttama Drekkana.

- First Drekkana in Movable Rasi
- Second Drekkana in Fixed Rasi
- Third Drekkana in Dual Rasi

3. Nakshatra Digbala

Planets gain Digbala by connection with Kendras (1,4,7,10)

- Jupiter and Mercury are powerful in the Lagna Kendra.
- Moon and Venus are powerful in the 4th house.
- Saturn and Rahu are in the 7th house.
- Sun, Mars and Ketu are strong in the 10th house.

According to Meena 2, planets need not be posited in the house to attain Digbala, any connection to the respective Kendra by way of Star Lord aspect or conjunction is sufficient to acquire Digbala.

4. Jeeva and Sareera

Jeeva is the soul of the Bhava and Sareera is the body. This concept is the base of Naadi system in Stellar Astrology; the Constellations and their Lords form the basis to find out Jeeva and Sareera of the Bhava.

The Jeeva planet is the Lord of the Constellation in which the particular Bhava Lord is posited and the Sareera planet is the Lord of the constellation in which the Jeeva planet is situated.

5. Gunas

Guruji, Meena 2 was the first and the only person to breakdown the Gunas of a planet and arrive at the three-step theory.

Table 1. The gunas of planets and their constellations

Guna	Planet	Stars
Satwic	Mercury Jupiter	Ashlesha, Jyesta, Revathi Punarvasu, Visaka, Purvabhadrapada
Rajastic	Sun Moon Venus	Krithika, Uttara phalguni, Uttarashada Rohini, Hasta, Sravana Bharani, Pooram, Poorvashada
Thamasic	Mars Saturn Rahu Ketu	Mrigasira, Chithra, Dhanishta Pushyami, Anuradha, Uttarabhadrapada Arudra, Swati, Sadabhisha Aswini, Makha, Moola

5.1 Nakshatra Digbala in Prediction

The lagna rises in the East, the 4th Bhava in the North, the 7th Bhava in the West and the 10th Bhava in the South. A planet gaining connection with these Kendras is said to possess Digbala. The planets are strong in particular Kendras as below:-

- Jupiter and Mercury are strong in Lagna
- Moon and Venus are strong in the 4th house.
- Saturn and Rahu are powerful in the 7th house.
- Sun, Mars and Ketu are powerful in the 10th house.

5.2 Rules to Determine Nakshatra Digbala

A planet is said to possess Digbala if it acquires connection in any way with the particular kendras.

- When the planet is in occupation of the Kendras of the planet.
- When the star lord of the planet is in Kendra.
- When the Star lord is the Lord of the Kendra
- When the Kendra Lord aspects the planet.
- When the Kendra Lord aspects the Star Lord of the planet.
- When the planet is in conjunction with the Kendra Lord.
- When the star Lord of the planet is in conjunction with the Kendra Lord.
- When the planet is aspected by the occupants of the Kendra.

The native is a young businessman. In his horoscope Mercury, Jupiter, Venus, Rahu and Ketu are the NDB Planets. Sun, Mars, Saturn, Jupiter and Moon are UD Planets.

 - Venus in its own Rasi
 - Mercury in its own Rasi
 - 2nd and the 11th lord Jupiter is in the 9th House and aspecting the 5th Bhava and planets Mercury and Rahu.
- 2nd Rule: NDB gaining planets Rahu is in Conjunction with 5th Lord Mercury

- 3rd Rule: NDB gaining planet Rahu is connected with yoga karaka Mercury among with Sun in UD position.
- 4th Rule: If more than two planets gaining NDB. Here, Mercury YK Planet, Jupiter, Venus, Rahu and Ketu are 5 planets getting NDB.
- 5th Rule: If the Dasa period of DNB gaining planet is in good position, it will give favourable results. Here Rahu posited in the 5th house, along with YK planet Mercury and Sun which is in Uttama Drekkana.

The native started a business in Rahu Dasa/ Saturn Bhukthi, at his age of 24. He worked with dedication and significantly increased the income. He now owns several properties and lives happily.
